

To Infinity & Beyond

Homework Weeks 8 - 10

Due: Monday 25th June

This Term in Inquiry we have been learning about Space, for your final project you will be designing and creating a diorama of your choice.

You can choose one of the topics covered in Inquiry rotations or you can choose something you have learnt in class. You will also be writing an information booklet **at school** that will match your diorama.

Your diorama can be made from any materials you would like (paper/cardboard/straws/clay)

Be Creative!

We will have an Inquiry Expo for family and friends to view your project on the 28th of June (last Thursday of this Term) between 2.40 and 3.20pm, where you can present your project to them!

Parents, please contact classroom teachers if you are unsure about this project or if you would like to confirm the topic your child has chosen as they will be writing about this topic in class.

Your diorama can be on any of the following topics:

- Constellations
- Space Exploration & The Space Race
- Pluto
- The Hubble Telescope
- Mars
- The International Space Station
- The Solar System
